

On January 5, 2009, a group of doctors, nurses, pharmacist, and others from Boscobel, Richland Center, and La Crosse will leave for Panama City to join a group from the international organization YWAM (Youth With A Mission) on a mission trip to a remote village of Panama. They will be providing basic medical care to the people, undertake a building project, and provide a vacation bible school for the children.

The group will supply all of their own medications, supplies, and equipment for this outreach mission. Assistance securing supplies is greatly appreciated.

Donations may be dropped off at Boscobel Area Health Care, attention Doug Knoble, 205 Parker St., Boscobel, WI, 53805
